Introducing 4647 Ellard Court. This custom Munro built 1693 square foot modified bi-level exudes class and charm. Curb appeal is highlighted by an exposed aggregate driveway, full stucco exterior, xeriscape front yard and an extra wide 24' x 24' garage. As you enter, the open concept design grabs your immediate attention and the abundance of large windows create a natural feel and spacious design. The foyer is large and comes with a double closet. The living space is modern with its vaulted ceiling and offers a super cozy feel. The kitchen has an over abundance of cabinetry, an extra large island, pendant lighting, full stainless steel appliance package, beautiful tiled backsplash and a breakfast bar. The dedicated dining room is large enough for the entire family. On this level you will find the primary retreat complete with an extra large bedroom, walk-in closet and a full 4 piece bath. Completing this level is a convenient 2 piece guest bathroom and main floor laundry area. Up the stairs to the bonus area are 2 additional bedrooms and another 4 piece bath. Down the stairs to the basement there is a landing area that could be a great spot for a home office. Through the double doors you are welcomed by the massive rec room with a gas fireplace and enough space for a home gym. You will also find a 4th bedroom and another 4 piece bath. This home has no lack of storage and the utility room is evidence of that. Out in the back yard there is a nice sized deck with aluminum railings with privacy glass inserts, a great patio space for the firepit and the BBQ, garden area, a large shed and plenty of room for out door storage along the side of the house. This home is absolutely move-in ready and is situated on an inside corner lot. With just a handful of houses on the side road there will not be any extra vehicle traffic so the kids can play safely.
