

5132 EAGLE Place Terrace British Columbia

\$825,000

It is rare to find a house that offers such a grand first impression -- with vaulted ceilings and rich hardwood. This five-bedroom, three-bathroom home strikes the perfect balance between high-end style and everyday practicality, while still feeling like a place where a family can truly kick back and relax. The layout is incredibly thoughtful; having a private primary suite gives the parents a much-needed escape, while the huge lower basement and guest wing provide plenty of "breathing room" for kids, teenagers, or overnight visitors. A separate basement entry and dedicated mudroom mean you can keep the gorgeous main living areas pristine while having a secondary entry from the garage or future in-law suite. (id:6769)
