* PREC - Personal Real Estate Corporation. Absolutely stunning 179 acre property that offers complete privacy and a variety of uses! This property features nearly 40 acres of self-irrigated hay production and a lush meadow with endless potential. Much of the hay area is fenced. The property is formed by 2 separate parcels (1 is 99 acres and the other is 80 acres). The fertile land has a creek that snakes through it which also provides a sustainable water source. Much of the land is level, so take your pick for a building site.
