

## 6532 Sherburn Road Peachland British Columbia

\$489,900

So you come to the Valley and you say to your Agent "we really want a view in our new home". If we can assume you mean over 180 degrees of spectacular Okanagan Lake and the surrounding mountains then tell your Agent to head over to Sherburn Road. Look at the photos and believe me they do not do justice to the depth and expanse of the view afforded from this lot. At over 16,600sqft or .38 of an acre there is lots of room for a dream home. We have the Geo report complete and the concept of a pool is not out of the question - it is in the rendering and looks amazing. There is a very easy building design guideline attached to the lot so you know all the homes in the neighbourhood will be well controlled . All services are at lot line and you can take as long as you want to build and you can use your own builder. These are rare to find so be quick and start your dream home. Please note the rendering is of a home that could be built on the property and was designed for the home owner. A buyer is free to build what they want. (id:6769)
