Villa Amapas I - North Villa Puerto Vallarta, Lower Conchas Chinas There's a version of Puerto Vallarta that people imagine when they first fall in love with the idea of it--and this is it. Villa Amapas I is the kind of home that has watched decades of golden sunsets slide into the Pacific. It's perched just above the sand in Lower Conchas Chinas, close enough to town to walk, but far enough that the only sound at night is the surf below. Inside, the villa is layered with the kind of detail that doesn't happen by accident. Vaulted red-tile roofs with exposed beams. Walls of warm stone. Niches tucked with sculpture. Murals. Arches. Ironwork. Peter Bowman, named one of Architectural Digest's top 100 designers, left his signature in several corners!
