Punta de Mita

\$995,000

M/S Vallarta Nayarit Compostela

Exceptional investment opportunity near Punta de Mita: 12,506.99 m (134,624 sq ft) of lush tropical land just across from Auberge's Susurro del Corazon. Ideal for securing zoning to develop a small gated community or premium condominium regime, the property offers walkable jungle pathways, its own water source, and 4 income-producing properties (3 small cabins and one main house). A natural ridgeline provides prime sites with sweeping ocean views. Since the neighboring parcel is already zoned for a small condominium community, obtaining matching zoning for this property should be straightforward, opening the door to the potential unification of both sites. This property is presentlyI zoned as N-BOS-A. The goal could be to change it to a H211 at some point or just keep it as it is.
