\$918,700

WOW opportunity! This family purchased this home a short time ago and began a reno project with the intention of making this their 'forever home'. However, work has now called them elsewhere, so a new owner will have the opportunity to enjoy this beautifully upgraded home! New flooring and paint throughout, and many light fixtures and hardware were replaced. The countertops have been redone, with a granite island. An above-ground pool was purchased for their family - which can stay. This home has 6 bedrooms in total and 3 full baths. It has a gas fireplace in the main floor family room, a more formal dining room (which has been converted into an aesthetically stunning office!), and an eating nook in the kitchen. From the covered patio, you get gorgeous lake and Kelowna views! The lower level is a walkout, and a few different options exist for creating a suite. Lots of storage in this home as well, with a large unfinished room that could be kept as storage, or repurposed as a gym or media room. Spacious fenced yard, with the above-ground pool, yet still lots of room for other uses. More work will be completed before Possession - they are working on it as they can! This is a fabulous family home, across the street from a park and close to schools ~ such a great location ~ don't miss it! Quick possession is possible. (id:6769)
